Radio or Television Interference, Noise, Health and Safety, Project Purpose and Need, Visual /
Aesthetic Resources, Proximity to Residences

Property Uses:

Agriculture, Residential

Comment:

i do not see my residence or that of two neighbors indicated on the map. it appears the transmission line will go right through the home of a neighbor and impact our creek access. the area in question is on county rd 442 in la veta acres. our property is la veta acres lot 31 filing 3. can you explain why our names are not listed on the property grid like other land owners are and again why no marking of an existing residence is noted. i believe it's map 4 just under old la veta pass/windy point.
